

The News.

Mt. Vesuvius is in a state of eruption.

Mr. Moody preached in the Yale College Chapel last week.

The anniversary of the battle of Gettysburg was celebrated in grand style. President Cleveland and Secretary Vilas attended the ceremonies.

The laborers in the Joliet and Lemont, Illinois, stone quarries, were on a strike, and the militia were called out to quell the disturbance. It was not until the strikers were fired upon that the disturbance was quelled.

The tie in the Illinois Legislature is broken by the unexpected election of a Republican Senator in the place of Representative Shaw, deceased. Logan's election to the Senate will now depend on Republican harmony.

The news of the week has assumed a more pacific character. The dailies no longer have flaming headlines of a probable encounter between the Lion and the Bear,—and General Grant's throat trouble is no longer a subject for daily newspaper diagnosis. The latter is a remarkable instance of recruit or recovery, from a malignant disease, or a remarkable instance of mistaken diagnosis by the physicians. If the disease was really cancer General Grant's recovery is almost miraculous, although, under the circumstances, we must attribute it to the scientific skill of the physicians. If it turns out that his disease was not cancer at all, the charge of stupidity or cupidity will fasten itself on his physicians, and the General can congratulate himself that he lives in spite of the doctors. The war news is disappointing to everybody. The lovers of peace had abandoned all hope that there could be a peaceful settlement effected between the two belligerent powers; and those who had counted on war as a stimulant to the industries of this country are disappointed in their selfish wishes. The latter class are now busily engaged in ridiculing the powers, especially England for her cowardice, but it remains to be seen whether her conduct was cowardly or heroic.

Improved Lands at Great Bargains.

J. H. Meyers & Co. of Wilsey Morris Co., Kansas, Real Estate dealers and Loan Agents, are pleased to draw the attention of the Brethren and friends that they have for sale choice lands improved and unimproved at great bargains, near the new railroad now under construction, called Topeka Salina & Western, which gives them a direct line to Kansas city and other good points. It is a beautiful country, a fine location, good soil adapted to most all kinds of grain, which is raised in abundance. There is a peculiar feature about this soil which is very good; it seems that the land gets better every year, especially if well farmed. The best corn crop we had here last year, was raised on land under cultivation for fifteen years and never had any manure on it or been seeded down. The corn yielded from sixty to seventy bushels per acre. This soil is also well adapted to tame grasses of all kinds. A few remarks on our little town Wilsey, on the new railroad. Not

quite one year ago the said town was not located, to-day we have some thirty inhabitants, three drygoods and grocery stores, one hardware store, two drug stores, a hotel, Land & Loan office, two blacksmith shops, one good sized implement house, and one of the finest lumber yards in the county. Proprietors, J.B. Doner and Frank Musselman, the latter formerly of Somerset county Pa. Harry L. Meyers son of Emanuel Meyers deceased, of Philadelphia Pa., who was well known by the brotherhood, is proprietor of one of the drygoods and grocery stores, 30x60, two stories high and does a good business. Joe Lichty son of Solomon Lichty, deceased, formerly of Somerset county, Pa. is the proprietor of a good sized hardware store. We lack a few things that we ought to have: some good responsible party or parties to put up a bank. We want a good responsible man to put up a good sized elevator; and we need a grist mill a good opening for a situation of that kind; and we also want a man to put up a furniture house which would certainly pay at this place. I will name a few of the parties that have purchased lands at this place: M.H. Meyer of Lanark, Carrol Co., Ill., S.H. Bashor of Waterloo, Iowa, J.M. Musser and John M. Meyers of Berlin, Somerset county, Pa., John R. Lichty formerly of Pa., now of Carleton, Thayer Co., Nebraska, John B. Meyers of Lanark Illinois. These are a few among those who have purchased here in the last year. The prospect is good for a church here in the near future. We lack a good Progressive minister. The Christian denomination have built themselves a neat little church in our little town; prospects of a Presbyterian church this coming season. A little concerning our crops and the seasons. We sowed our oats in March, some were sowed the fore part of April: my oats is from three to four inches high, which is about the average in this locality; not much spring wheat sown; mostly winter wheat, and it looks well. There is considerable corn planted, plenty of time to do our work, the seasons being so much longer here than in the Eastern states. Fruits of most all kinds grow here in abundance. If convenient to the EVANGELIST, in a few weeks will appear a list of lands we have for sale. Those who wish to purchase land should look out for our advertisement.

Wilsey Co., Kas.

Mr. Luther A. Palmer, owner of Greenberry Point Farm, near Annapolis, Md., has discovered, about one hundred yards from his residence, a vault, supposed to be that of Colonel Nicholas Greenberry, made over two hundred years ago. Archaeologists will investigate.

Chronic Dysentery.

Mr. James Brannan, Second avenue, Pittsburgh, Pa., writes: "For two years I have been constantly troubled with a chronic diarrhea, or dysentery, having had, on an average, from twenty to twenty-five passages every twenty-four hours, and every one bloody. I had thoroughly tried all the prominent physicians in Pittsburgh, was twice in the West Penn Hospital, the first time thirteen weeks, and though I left it much better, yet in five days I was as bad as ever. I then tried two other great doctors in this city, and one of them finally assured me I was not long for this world, and advised me to write to my friends about it. I next went to Dr. Hartman, without the least confidence that he could do anything for me. He examined me, smiled, and said, he could stop the bloody discharges in less than two weeks, which he did with PERUNA, and I have now been entirely well for several weeks, and never felt better in my life, though I am still taking his PERUNA. I will take it whenever I need medicine."

Mr. Patrick Burns, Pittsburgh, writes: "I have suffered intensely from piles and chronic diarrhea. I was treated by five of the best physicians and surgeons in the city of Pittsburgh, and with all grew constantly worse. Finally three of them said my only hope was an operation. This frightened me, and I went immediately to Dr. Hartman, who has entirely cured me with PERUNA. I have been at work now for three months, and never in my life felt better. Call and see me at corner of Twenty-seventh and Mulberry streets, Twelfth ward, Pittsburgh."

Mr. Patrick Cunningham, S. S., near Sidney street, Pittsburgh, Pa., writes: "For five years I have suffered incessantly from internal and external piles. I have tried the best physicians of Pittsburgh and Allegheny without relief. I went to Dr. Hartman, who cured me without detention from work with PERUNA."

Charles Frank, of Emrichville, Jefferson county, Ohio, writes: "I had piles and fistula in ano for four years. I had suffered constantly with a discharge of matter from the parts, and sometimes from the contents of the bowels through it. I could not have borne it much longer. I had heard so much of the ill effects of a knife operation that I resolved to go to Dr. Hartman. He ridiculed the silly idea of cutting it, and at once performed his own original operation without the knife, and without pain. I am thoroughly cured, though of course I took PERUNA."
